A Research Associate Position
at the Institute for Solid State Physics (ISSP), the University of Tokyo

The ISSP is seeking outstanding candidates for a research associate position in Yoshinobu Laboratory of Functional Materials Group (also Division of Nano-scale Science). The successful candidate will collaborate with Prof. Yoshinobu and open up frontiers in surface science. In particular, dynamical processes of electrons, atoms and molecules at surfaces are investigated using surface vibrational spectroscopy, photoelectron spectroscopy, scanning probe microscopy etc. The successful candidate is also expected to play an important role in the collaboration with researchers in and out of ISSP using ultrashort pulse laser, terahertz pulse, synchrotron radiation, etc. The initial appointment is for five years, and the additional appointment is extended for five more years if the performance is satisfactory. The position is now open, and the term should start at the earliest possible date.

Applicants must have a Ph.D. or equivalent degree in a relevant field, or otherwise must get a degree before the starting date of appointment. Applications should include the following documents prepared either in English or Japanese and should be sent by post or alternatively by E-mail to the address below. All the documents must arrive no later than September 28, 2018.

1) CV with photo including academic record and professional career
2) Complete list of publications (mark two or three most important papers)
3) Copy of the two or three papers marked above
4) Summary of research accomplishments (up to two pages)
5) Research plan (up to two pages).

In addition, applicants should arrange for a letter of reference to be sent to the same address.

Applications should be addressed to:
