A Research Associate Position
at the Institute for Solid State Physics (ISSP), the University of Tokyo

The ISSP is seeking outstanding candidates for a research associate position in the Neutron Science Laboratory. The successful candidate will collaborate with Prof. O. Yamamuro and conduct vigorous experimental research on chemical physics of complex condensed systems by means of neutron/X-ray scattering and thermodynamic techniques. The successful candidate is also expected to play an active role in supervising laboratory activities of the graduate students and supporting joint-user-program on neutron science. The experience of neutron research is not necessary. The initial appointment is for five years, and is extended for five more years if the performance is satisfactory. The position is now open, and the term should start at the earliest possible date.

Applicants must have a Ph.D. or equivalent degree in a relevant field, or otherwise must get a degree before the starting date of appointment. Applications should include the following documents prepared either in English or Japanese and should be sent by post or alternatively by E-mail to the address below. All the documents must arrive no later than October 26, 2018.

1) CV with photo including academic record and professional career
2) Complete list of publications (mark three most important papers)
3) Copy of the three papers marked above
4) Summary of research accomplishments (up to two pages)
5) Research plan (up to two pages).

In addition, applicants should arrange for a letter of reference to be sent to the same address.

Applications should be addressed to:
