A Full Professor Position
at the Institute for Solid State Physics (ISSP), the University of Tokyo

The ISSP invites outstanding candidates for a full professor position in Functional Materials Group and Division of Condensed Matter Theory. The successful candidate will be in charge of non-equilibrium condensed-matter theory.

The Number of Open Positions and Affiliation:

One tenured Full Professor in the Functional Materials Group and the Division of Condensed Matter Theory

Research Subject:

The ISSP seeks an outstanding candidate who develops non-equilibrium condensed-matter theory in close collaboration with experimental groups, and aims at the development of basic science of dynamical and non-equilibrium phenomena in functional materials. He/she is expected to have strong enthusiasm for new leadership in synergetic researches between theoretical and experimental communities.

The ISSP established the Functional Materials Group as of October 1, 2016, as one of two new trans-divisional and interdisciplinary research groups, and makes special emphasis on researches of excited states and dynamics in functional systems. Moreover, ultrafast time-resolved spectroscopy of excited states and non-equilibrium states is in great progress on the basis of ISSP extreme lasers. The ISSP needs a non-equilibrium condensed-matter theorist, who plays a key role in strong interdisciplinary collaborations related to these experimental researches.

Application documents:

Applications should include the following documents prepared either in English or Japanese and should be sent by post or alternatively by E-mail to the address below.

All the documents must arrive no later than December 17, 2018.

1) CV with photo including academic record and professional career
2) Complete list of publications (mark five most important papers)
3) Copy of the five important papers marked above
4) Summary of research accomplishments (up to three pages)
5) Research plan (up to three pages).
6) Letter of recommendation (applicant should arrange a letter of recommendation to be sent directly from a recommender to ISSP)
The documents should be submitted in one of the following ways:

(Online submission:)
First, send an e-mail to the following e-mail address.

< ISSP general affairs office >  issp-jinji@issp.u-tokyo.ac.jp
State “Application for professor position (Functional Materials Group)” in the subject line.
Do not attach any documents.
Secondly, upload the application documents. The URL for upload will be informed.

(Postal mail submission:)
Send application documents enclosed in an envelope and clearly labeled in red color “Application for professor position (Functional Materials Group)” on the front. The documents should be sent by registered mail.

Administration Office,
The Institute for Solid State Physics,
The University of Tokyo,
5-1-5 Kashiwanoha, Kashiwa,
Chiba 277-8581,
JAPAN
